

Die DFB-Kulturstiftung präsentiert

11mm
8. Internationales Fußballfilmfestival 2011

Press Release

The DFB Kulturstiftung presents:

11mm – 8th International Football Film Festival

Berlin, 25 January 2011

Between 25 and 30 March 2011 - for the eighth time already - "11mm – The International Football Film Festival" will be organised in Berlin. As in past years, Brot und Spiele e.V, the association for sports and culture, will be presenting more than 50 international documentary, fiction and shortfilm productions dealing with the topic of football in this globally unique event.

In the year of the 2011 FIFA Women's World Cup in Germany, especially entries about women's football will be featured along with international premieres and youth films.

The best productions will again be awarded the "Golden 11" for the best documentary or fictional film, whereas the best short film will receive the "11mm shortkicks" award.

Film makers and production companies from all over the world are invited to enter their films for both prizes until 31 January. After the festival in Berlin, the organisers will be screening highlights as part of the 2011 FIFA Women's World Cup's Official Cultural Programme, sponsored by the DFB Kulturstiftung, in all other eight World Cup venues.
